PRODUCT INFORMATION

Standardized Eriocitrin 70% Lemon Fruit Extract

Vesta Ingredients has been a leader in the nutraceutical industry for over 23 years. The superior quality of Vesta Brand raw ingredients has ensured the success of our clientele.

EriOLean™ | by:  **Vesta®**

What is EriOLean™

EriOLean™ is Standardized for Eriocitrin 70%, a lemon flavonoid extracted from lemons and citrus fruits. Research shows Eriocitrin plays a positive role in supporting healthy blood sugar levels and cardiovascular health.

About Vesta's EriOLean™

EriOLean™ is an Eriocitrin citrus extract with weight loss and cardiovascular benefits. Eriocitrin is a Citrus Flavonoid known for cardiovascular benefits including improved vasodilation, blood pressure support, and an enhanced lipid profile. Eriocitrin is also a powerful antioxidant with anti-inflammatory properties. Eriocitrin research provides evidence for positive effects on the underlying mechanisms involved in cardiovascular damage.

EriOLean™ is an All-Natural Glucagon-like peptide 1 (GLP-1) inhibitor. GLP-1 is a naturally occurring hormone secreted in the body in the presence of food. The GLP-1 inhibitors bind to receptors that trigger insulin production and remove glucose from the blood. Eriocitrin acts on GLP-1 to help manage healthy blood glucose levels. Research shows that Eriocitrin naturally boosts GLP-1 levels to reduce hyperglycemia for blood sugar control benefits and healthy weight management.

EriOLean™ for Weight Loss:

- Supports healthy blood glucose levels
- Boosts insulin levels by naturally increasing GLP-1
- Maintains healthy inflammation response
- Promotes strong antioxidant activity

EriOLean™ is an ideal supplement of eriocitrin and citrus flavonoids.

Consider that the eriocitrin flavonoids are concentrated in the peels and citrus peels are not normally ingested. You do NOT need to eat the whole lemon or citrus rinds when you take EriOLean™.

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Vesta Nutra®

Why Take EriOLean™

Research shows that Eriocitrin has a suppressive effect on oxidative stress in diabetic rats and a lipid-lowering effect in rats on high-fat and high-cholesterol diets. In addition, other studies show that Eriocitrin reduces Hyperglycemia by increasing GLP 1 and downregulates Systemic Inflammation.

Benefits EriOLean™

- Boosts GLP-1 levels naturally
- Helps manage healthy blood glucose levels
- Supports normal insulin sensitivity
- Supports a healthy inflammation response
- Potent antioxidant activity
- Supports beneficial bacteria associated with glycemic metabolism

Product Information

- Appearance: Powder
- Odor/Taste: Characteristic
- Dosage: 200 mg per Serving

Do not use this product, unless advised by a physician, if you are pregnant, attempting to become pregnant, nursing, taking any medications, or have any chronic medical conditions. Do not drive or operate machinery within eight hours of taking this product

Product Information

- Do not freeze/thaw
- Package Unit: 5kg
- Store in a cool dry place away from prolonged, direct sunlight exposure

Uses and Product Integration:

- Dietary Supplement
- Capsules/Tablets/Powder

Innovative products at a competitive price™
