## Product Information

*Centella asiatica* Standardized Extract

### What is CenTelomere Max™?

CenTelomere Max™ is an extract of *Centella asiatica* and is a Botanical Telomere Extender. Also known as **Gotu Kola**, the *C. asiatica* is clinically recognized for its telomere activation potential. CenTelomere Max™ is designed to support cellular longevity and rejuvenation at the genetic level. CenTelomere Max supports anti-aging and Telomere attrition.\*

### About CenTelomere Max™:

CenTelomere Max™ harnesses the power of triterpenoid-rich *Centella asiatica*, standardized for optimal potency and purity. The phytochemical bioactives of *C. asiatica* are the Triterpenoid Saponins and include mainly asiaticosides and madecassosides†.

Telomere attrition is a hallmark of aging. Developed as a Telomere Extender, CenTelomere Max™ targets the biological aging process by supporting telomere integrity and cellular repair mechanisms.

## CenTelomere Max™

### CenTelomere Max™ Benefits:

- Promotes Healthy Aging
- Activates Telomere Length
- Enhances Skin Firmness
- Supports Cognitive Clarity
- BOTH Antioxidant and Anti-Inflammatory
- Helps protect DNA and cellular structures from oxidative damage and stress.

### Why CenTelomere Max™?

As telomeres shorten with age, cellular function declines. Declining Telomeres impact skin, brain, and overall vitality. CenTelomere Max™ offers a natural, science-backed solution to help preserve telomere length and promote graceful aging from the inside out.

# CenTelomere Max™ Botanical Telomere Extender

Vesta Nutra®

## Mechanism of Action:

The active compounds of *Centella asiatica* stimulate Telomerase regeneration and fibroblast proliferation which are key to Telomere extension and skin regeneration. At the cellular level, *C. asiatica* modulates oxidative stress pathways and enhances mitochondrial resilience, supporting both dermal and neural tissues. **CenTelomere Max™** contains the Telomerase activity stimulators of *Centella asiatica* to minimize Telomere attrition while maintaining youthfulness and anti-aging.

## CenTelomere Max™ Supports:

CenTelomere Max™ supports telomere maintenance, collagen production, and neuroprotective pathways. CenTelomere Max™ is ideal for those seeking to improve skin elasticity, mental sharpness, and long-term cellular health.

## MAXIMUM Intracellular Biochemistry Effects:

- Telomerase Activation
- DNA Repair
- Telomere Length
- SOD Activity
- SOD Activity
- Oxidative Stress Reduction

## Summary:

CenTelomere Max™ is a powerful botanical-based Telomere Extender that supports longevity, skin vitality, and cognitive wellness. With its standardized triterpenoid profile, CenTelomere Max™ delivers targeted cellular benefits for proactive aging and optimal health.

† Hein et al. Life 2025. *Centella asiatica*: Advances in Extraction Technologies, Phytochemistry, and Therapeutic Applications.

## Specifications:

- Standardization: ≥40% triterpenoids (asiaticoside, madecassoside)
- Form: Liposomal or powder
- Origin: Sustainably sourced *C. asiatica*
- Purity: Non-GMO, solvent-free, third-party tested, vegan-friendly
- Packaging: Laminar-foil bags within drums or boxes
- Made in the USA
- Storage: Store tightly sealed, protected from light, heat, and moisture, for two years.

**competitive price™**

SPECIALTY INGREDIENTS

Vesta is proud to introduce  
**CenTelomere Max™**  
which is Made in the USA  
under FDA-cGMP guidelines.  
We are environmentally and  
socially responsible and  
dedicated to the nutrition  
industry. Vesta Ingredients is  
committed to being a reliable  
business partner.
